FOUNDATION

***“I wanted to start a family, buy a house,
progress in my career.
Never did incurable lung cancer come to mind.”***

**Saima is one of many young women
diagnosed with terminal lung cancer.**

**People think they know who lung cancer
affects, but few actually do.
And it's costing people their lives.**

**Lung cancer is the second biggest
cancer killer in women aged 25-49.
#LikeMe is a stark realisation that
no one is immune from this disease.**

**Husbands are losing wives.
Parents are losing daughters.**
